

Trish Lane

Program Assistant

Community Outreach Coordinator

In the time I have been a part of this organization I have seen others turn their lives around and reconnect and change their life and perspectives. There is a sense of belonging at MPS I have not seen elsewhere. You can be a part of this organization and feel this belonging as well! We have lots of groups and events, and wonderful staff and members eager to meet you where you are at, and be a part of your life. We would love to be a part of your life and learn about who you are and what you want to do in your future. MPS is also a place where you can come and just feel comfortable and sit and be around others. There is a group, event, or activity for everyone and if you have an idea for something new you can contribute to the creation of new ideas for MPS.

My passions are Outreach, Mental Health Awareness, Motorcycles, and living a life that is full and in the serving of others in every aspect of my life!
