

Jude Grophear
Group Facilitator

Jude joined the MPS staff in November 2011. She is the facilitator of the Wednesday Depression/Bipolar Support, Hearing Voices Network USA, and she is the Co-Facilitator of the WRAP Workshop. She believes the best things that the members of MPS have to offer are education, advocacy and empathy. She holds a BA in English, a BS in Early childhood Education and a minor in French. Her favorite group is Music (come check it out!) Her photo was taken by one of the members during a trip to the New England Aquarium – which was a perfect trip for her because she loves animals. She has two ferrets and has a number of nicknames, one of them being “ferret”. When she’s not at MPS, you’ll find her out and about creating art.
