

Jaide Hall Administrative Assistant

My name is Jaide Hall. I was born in Keene NH, but had moved around a lot growing up due to the fact that I was involved in the foster care system. I currently reside in Keene NH with my son Zayden and daughter Saphyre. I've worked hard for everything I have and where I'm at in my life. I intend to continue giving my all and do my best not only for me, but for others as well.

I'm very passionate about being there for others. I've always known that I was most certain to obtain a impactful job in human services. I have had a vast variety of jobs. A couple jobs I've had include, Respite care provider and Direct support Professional at Monadnock Developmental Services.

I've also been a Personal Care Support Professional with Ascentria Care Alliance. I was a live in aid for my great grandmother whom had Alzheimer's disease when I first started work for Ascentria. After she passed I continued to provide for others. Not only have I personally experienced mental and physical health challenges, My son Zayden is special needs and we have faced a lot of challenges together as well.

I believe that no one individual is better than the other, only that we can make self improvement to be better versions of who we once were. I enjoy sharing my stories and leveling with others to let it be known that nobody is alone. Look forward, not up, down or all around.. forward. That is the direction you are going. While you proceed forward, Shine bright and be the brightest star in your universe. If we are the only ones making our light, so be it. I got this! You got this! We got this!
