

## Carolina M. Enzler Board Chair

Carolina Enzler returned to the Keene area 5 years ago after obtaining her B.A. from Ave Maria University in Florida. She is currently a candidate for a Masters in Social Work from the University of New England in Biddeford, ME. Carolina works for Connected Families, NH as a care coordinator, working with families and youth struggling with mental health challenges.

Since 2016, Carolina has worked in the human services industry and she has enjoyed having many opportunities to be a strong advocate for the marginalized populations in NH. In her free time, Carolina enjoys spending time outdoors with friends. She is grateful for the opportunity to use her strong advocacy skills, community connections and knowledge of resources, while learning from her fellow board members how to best promote wellness and recovery.
