

## Diane Croteau

At-Large Board Member

Diane Croteau lives in Keene, where she grew up. The majority of her working career was at MPB/Timken in Keene as a finishing operator and then machine operator and assembly for 19 1/2 yrs. She had to retire early due to her being diagnosed with Systemic Lupus. She got into the InShape program and achieved her goal of losing 110lbs. She volunteers at the YMCA and hopes to sub swim classes again very soon.

She also was previously on the BOD of Monadnock Family Services for 8 yrs. In her spare time she likes painting rocks and anything she can really, and crocheting. She has a diversity of interests such as gardening and antique engine shows. She is looking forward to putting her time in on this board and being able to help anywhere she can.
