

Mandy White  
At-Large Board Member

Mandy White, a native of New Hampshire, began her journey many years ago advocating for those that were either less fortunate or did not have the strength to advocate for themselves. For the past 12 years, Mandy has worked in social services in many different capacities being the "helper of the helpers". She now works in Human Resources with a hope of certification in hand very soon. Mandy enjoys spending time with her children and any child that adopts her as "Mom". Mandy loves to cook for large crowds and has been known to host a gathering or two at her home in Marlborough. Mandy looks to be an active member in her community and most recently served on the board of the Keene Knights, a sports organization for local youth.
